*Our \$4000 scholarship is based on a 10-week internship. The start and end dates can be shifted slightly to accommodate mentor/scholarship recipient availability. If the mentor and scholarship recipient can provide a compelling reason for a shorter internship (e.g., 8 weeks), the scholarship amount will be adjusted to reflect this. Students will be required to present their research to members of the Levy CIMAR at the end of their internship period. By signing below, applicants, if they are selected for the Levy CIMAR internship, agree to fulfill all internship requirements.*

***Note: Please include the nominated applicant's resume or CV with this application submission. The student must also provide a brief personal statement describing their interest in the internship and one letter of recommendation from a university faculty member who is familiar with their scientific work. If we do not receive these items, the application will be considered incomplete.***
